

Live Wellness!

This summer FirstFleet featured Rob Bowlsby, Fleet Manager, St. Louis, MO in a Facebook post on his AMAZING physical transformation and we want everyone to know ***what a difference ONE year can make!!***

Rob participated in the 2016 Wellness Biometric Screening and upon receiving his results in November 2016 he realized long-term changes were needed for himself, his family and his future. At 300 pounds Rob knew it was time to make a lifestyle change and he did so in the most basic of ways. He concentrated on moving more during the day, making it a priority to get out of the chair and walk whenever possible. Rob also began concentrating on real, whole foods – he cut out sugary food and drink as well as processed foods. Rob learned to spend a little more time on preparing foods that would benefit him and not harm him. One year

later Rob is feeling great and has lost over 100 pounds!

Rob has worked hard to meet his goals and along the way felt compelled to help others. In June 2017 Rob created the Facebook group “We Need to Start a Healthy Revolution”, members can join to learn, share and encourage each other. Currently there are over 300 active members who share recipes, stories, pictures and much more! Members share their struggles and success all to help others realize becoming healthy for the long-term can be done!

Rob truly enjoys sharing his road to better health with others, and we appreciate his willingness to help his FirstFleet family. The goal for FirstFleet Wellness is to provide opportunities like this for all associates to take small steps towards health and wellness with the following suggestions:

- Learn about your health markers by taking part in the biometric screening offered by FirstFleet, or visit your doctor for an annual wellness visit. This is a perfect starting point to find out if you need to work on anything in particular!
- Take the annual Personal Health Assessment on Blue Cross Blue Shield’s website.
- Contact a FREE wellness coach offered by Blue Cross Blue Shield. This is a great way to make some positive changes towards better health with no cost.
- Make a decision to walk when you can – at home and on the road.
- Take a little extra time to meal-prepare before starting your day or week. Oddly enough, it does not take much time to prepare meals ahead of time before starting your day. Preparation goes a long way towards setting yourself up for success with proper nutrition!

Rob’s personal message to all FirstFleet associates:

“My gratitude is immeasurable, as anything I gave up or lost is far outweighed by the freedom I have gained. All that said it’s a daily commitment and can be really hard as the deck is completely stacked against us.”

Did You Know?

Big Thanks to Tracy McChane, Rod Reid and Scott & Teresa Ransom of our Cedar Rapids, IA terminal for helping Boy Scout Troop 37 of Solon, IA earn their Transportation Merit Badge! The Solon, IA Boy Scout group sponsors a Merit Badge University each year allowing Scouts from all over eastern Iowa the opportunity to earn multiple Merit Badges. To earn the Transportation Merit badge the Scouts learned about trucking operations management, D.O.T. regulations, maintenance and safety.

Spotlight on Fort Smith, AR

FirstFleet, Fort Smith, AR opened for business in June 2017, this location currently has 31 drivers and an operations staff of 4 who have joined together to make an outstanding team! The Fort Smith location is dedicated to International Paper delivering products to their customers and facilities in Northwest Arkansas, Northeast Oklahoma and Southern Missouri.

Fleet Manager, Blake Hendrick, came to FirstFleet with 16 years of experience in the transportation industry. Blake's experience and management skills have been a great asset to this new location and we're extremely confident in his ability to lead his team towards future success all the while providing top notch customer service.

The Fort Smith crew also includes Transportation Supervisor John Overbey, Administrative Assistant, Lori Doss and Dispatcher, Josh Jones all of whom we are pleased to have on board! Each associate brings experience and their own unique qualities to round out a solid team.

Blake Kendrick states "the drivers and staff have done an excellent job thus far and made the start-up extremely smooth" he has enjoyed the working relationship and looks forward to the future success of this crew!

FirstFleet, Inc. is excited to welcome the Fort Smith team to our family!

“Hurricane Harvey” thru the eyes of “Just a Truck Driver”

My co-driver Samuel Bowling and I have been delivering to Houston, TX area Kroger stores out of the Peyton Southeast warehouse / FirstFleet Cleveland, TN for the past six years. I guess like a lot of us we all just take for granted that our local grocery store will always have what we need, when we need it but this was not so last week!

Hurricane Harvey came barreling into the Houston area with vengeance and torrential downpours.

When we arrived the highways were flooded and for the most part we were the only vehicle moving. The Kroger stores were trying to stay open or re-open with customers desperate for food and water but shelves were mostly empty.

I never before realized just how much of an impact something like this has on people's lives and what an important role we truckers play, after all we are “just truck drivers”.

As a parent, I remember seeing the looks in my children's eyes when I would do something out of the ordinary, they would think I was the strongest man in the world. My children are all grown now and I really never thought I would see that look again, but I saw it in the eyes of the Kroger employees when

we were backing to the dock. It was a look that could not be faked! It was a look that said thank you for not forgetting about us and our customers. I saw that look over & over again each time we delivered the groceries.

I do not want to take all the credit for what we did. My partner, Samuel Bowling, was my eyes and in many many instances, was by far my best friend and biggest supporter when I was driving and I did my very best to be his while he drove. We were a team and he was, in my opinion, the only person that I wanted at my side to ensure we kept going and made our attempts successful.

My partner & I were very fortunate to have the support of our terminal personnel throughout this entire rescue process. They would stay on the line with us guiding us to the safest routes possible. In some cases they would be with us for nearly an hour routing us. They were always more than willing to help anyway they could but always saying to us to be safe and watch out for one another. I truly believe we had the best support team possible on the other end of the line. Any time we would call for help we were confident they were looking out for us and our safety.

There were times when the highways

were so flooded that we were pushing water with the front of our truck, we wanted to stop but Sam and I both knew there were people in dire straits and were depending on us to help them. The coordination between the facilities was without question the best I have ever seen and I firmly believe without this there would have been untold consequences.

I am sure you have all seen the pictures on the news, but to witness this disaster firsthand gave me a whole new perspective on my chosen career and the company we drive for, FirstFleet. Both my partner & I are very proud to be “just truck drivers” and of the service we provide to our valued customers.

- Donald Shadrack and Samuel Bowling, Team Drivers, FirstFleet Cleveland, TN
FirstFleet is thankful for Mr. Shadrack, Mr. Bowling and all associates who went above and beyond during this devastating hurricane season. We have been encouraged beyond belief at the dedication of team members who never gave up and got the job done easing the burden and delivering the groceries to those in great need. Sincere thanks to you all!

Retirement

Happy Retirement Ossie Jenkins!

After driving for FirstFleet out of our St. Louis, MO location for 8 years Ossie Jenkins is retiring! Rob Bowsby, Fleet Manager, shares "Ossie is a great driver and person, he's a wonderful example of the type employee FirstFleet is proud to have as part of the team"! Ossie will definitely be missed but it sounds like he'll have a very full retirement spent enjoying his wife, children and grandchildren plus his church family and hopes to spend lots of time fishing!

We wish you the best Ossie Jenkins, thank you for everything! Happy Retirement!

Millie Wright, Knoxville, TN Transportation Supervisor and husband Allen have very good reason to be proud of their son Jacob! This past May Jacob Wright graduated from Jefferson County High with honors, a 4.195 GPA and was in the top 8% of his class finishing 47th out of almost 500 graduates! He has been accepted to East Tennessee State University majoring in Micro-Biology Pre-Med. Jacob began his freshman year this fall having already earned 15 college credit hours, a full semester, while he was in high school. All while working 5 nights a week as a server at their local Shoney's restaurant. Congratulations Jacob Wright and best of luck in your future endeavors!

Good News is always good to receive! Daniel Woods, Auburn, ME Fleet Manager received a very complimentary email from an Operations Safety Manager who was sharing the road with Auburn driver William Sutton. Kudos to you William Sutton for staying safe and being a fine example of a professional driver!

Beware of FROSTY weather!

Allow extra distance between you and other vehicles.

Know where you can stop if the weather turns bad.

Slow down for the conditions!

Do not use cruise control.

Think ahead.

Know the weather forecast before you leave.

Remove ice and snow from windshield and mirrors often.

Be prepared for black ice on bridges and overpasses.
